

INEBRIA 2016 - PROGRAM FRIDAY SEPTEMBER 23, 2016

	Main hall	Alexandre Yersin auditorium	Charlotte Olivier auditorium	Mathias Mayor auditorium	Auguste Tissot auditorium	Jequier Doge auditorium
MORNING						
09:00 - 10:00		Plenary session - John CUNNINGHAM Electronic brief interventions for hazardous alcohol consumption				
10:00 - 11:00		Plenary session - Gail D'ONOFRIO Innovations in ED interventions for substance use disorders: Saving lives				
11:00 - 11:30	Coffee break					
11:30 - 11:50		Best poster award				
11:50 - 13:00		Annual general meeting of INEBRIA				
13:00 - 14:00	Lunch	Inaugural meeting of the INEBRIA Special Interest Group on digital approaches to Screening and Brief Intervention for alcohol and substance misuse (Paul Wallace) (Seminar room 4)				
		Session 1	Session 2	Session 3	Session 4	Session 5
AFTERNOON		Symposium 2	Workshop 5	Symposium 3	SBI and Emergency departments / Attitudes towards substance use related problems and SBI	Primary care
14:00 - 14:15		Standardizing outcomes of brief interventions: the INEBRIA research measures standardization group	Embedding Quality into Screening and Brief Intervention (SBI) services (Rod Watson)	Brief (and Extended) Interventions among HIV+ Patients in the US	A25 Alcohol interventions: A randomized study examining two brief counseling interventions (Laura Veach)	A31 Treatment of alcohol dependence: a randomised controlled trial comparing treatment in primary care with specialized addiction treatment (Sara Walhed Finn)
14:15 - 14:30		Chair: Jeremy Bray		Chair: Emily Williams & Richard Saltz	A26 Integrating opioid overdose prevention in the emergency department (Ryan McCormack)	A32 The role of primary care screening in ongoing care management of alcohol and drug problems (Constance Weisner)
14:30 - 14:45		S2.1. Measuring change in alcohol brief intervention trials: How are consensus core outcome sets developed? (Gillian Shorter)		S3.1. Among VA patients with unhealthy alcohol use, those with HIV are less likely than those without to receive brief intervention (Emily Williams)	A27 Pilot unit for patients admitted with alcohol intoxication in a tertiary hospital: an opportunity to deliver brief intervention (Marianti Deligianni)	A33 What predicts treatment entry in proactively recruited individuals with DSM-5 Alcohol Use Disorder? (Gallus Blaschof)
14:45 - 15:00		S2.2. Using the AUDIT, AUDIT-C and TLFB as outcome measures in intervention trials: A discussion of current challenges and benefits (Anne Berman)		S3.2. Initiation, engagement, and retention in substance use disorder treatment in HIV infected and uninfected patients (Kevin Kraemer)	A28 Social workers' and their clients' attitudes toward alcohol-related problems (Elina Renko)	A34 ASSIST Feasibility study in Primary Health care in Catalonia (Joan Colom Farran)
15:00 - 15:15		S2.3. Non-alcohol outcomes: What are the most relevant in the context of alcohol brief intervention trials? (Aisha Holloway)		S3.3. Alcohol use among HIV-positive patients in primary care: Psychiatric symptoms and other substance use associated with hazardous drinking (Derek Satre)	A29 PHC professionals' knowledge and attitudes towards EBI on drugs. Results from a survey in Catalonia (Lidia Segura)	A35 Does Documented Brief Intervention Predict Decreases In Drinking Among Patients With Risky Drinking In Routine Primary Care? (Kimberly Hepner)
15:15 - 15:30		S2.4. Measuring economic outcomes in alcohol screening and brief intervention studies (Jeremy Bray)		S3.4. Integrated stepped care for unhealthy alcohol use in HIV clinics (E. Jennifer Edelman)	A30 Do brief alcohol interventions improve self-reported health and mental well-being among general hospital inpatients? 2-year results from the randomized controlled trial PECCO (Jennis Freyer-Adam)	A36 Validation of the tobacco, alcohol, prescription medication, and other substance use (TAPS) tool for identification of problem use and substance use disorders in U.S. primary care patients (Jennifer McNeely)
15:30 - 16:00	Coffee break					
		Workshop 6	Workshop 7	Symposium 4	Varia: processes, economics, education	
16:00 - 16:15		A Complex Model Combining Alcohol Screening and Brief Counseling Intervention and Peer Support for Trauma Survivors (Elizabeth White)	Defining brief interventions (Jim McCambridge)	Brief interventions for adolescents in the emergency department - Recent findings and future perspectives	A37 Transitions to and from at-risk alcohol use in adults in the United States (Richard Saltz)	
16:15 - 16:30				Chair: Peter Monti	A38 Screening for alcohol use disorder: The problem of subthreshold problem drinkers in DSM-5 (Stéphanie Baggio)	
16:30 - 16:45				S4.1. Screening for alcohol consumption. Findings from the SIPS JR programme on early onset drinking and health-related consequences in adolescents (Paolo Deluca)	A39 Motivation-based and skill-based: A framework for characterizing common factor processes in brief interventions for behavior change (Molly Magill)	
16:45 - 17:00				S4.2. Moderators of brief motivation-enhancing treatments for alcohol-positive adolescents presenting to the emergency department (Lynn Hernandez)	A40 An economic and health assessment of a brief intervention for adolescents with problematic substance use: 10 year outcomes (Robert Tait)	
17:00 - 17:15				S4.3. Moderators of effectiveness in a brief motivational intervention for alcohol intoxicated adolescent ED patients (Silke Diestelkamp)	A41 Integrating substance use-related screening, brief intervention and referral to treatment in prelicensure nursing curricula (Deborah Finnell)	
17:15 - 17:30				S4.4. A review of active ingredients and a qualitative design to develop a brief alcohol intervention for young adults intoxicated in the ED (Jacques Gaume)	A42 Reported training in alcohol brief intervention trials: A systematic narrative synthesis (Niamh Fitzgerald)	
17:30 - 18:00		Closing remarks				

NB/rbo - 31.08.2016
